Sand E3-01 STANDARD

Colour Choice

We would advise customers choosing their colour scheme to carefully consider tonal and shade contrast between tops, carcasses, fronts and handles. This will benefit those who are visually impaired and is a functional requirement of DDA 95 (Disability Discrimination Act 1995) and BS 8300: 2001.

Please note that any colours marked 'OPTIONAL' may attract a longer leadtime and/or price adjustment. Please check with customer services for availability.
